Personal Profile

Worked as professional chef for 15 years in all levels of cuisines next to Michelin chefs and I was leading the kitchen at one of the most high recognition cafe's in UK.

Started last year alongside full time working studying at freecodecamp and EDX where I gain interest in coding. Currently I am enrolled in a Skills Bootcamp at **JustIT**. Learning software languages (HTML,CSS, JavaScript and Python). Working on my portfolio to create some personal projects.

Would like to work as a Junior Developer to gain skills and experience at the tech industry. I have strong ability to handle multiple tasks with strong work ethic.
